Preferential Parking Zone (PPZ) Permit Acknowledgement

1. Resident Permits are issued to a specific vehicle and are non-transferable between vehicles. Resident permits are issued to residents who have provided proof of residency including a current State of California vehicle registration showing residency within a PPZ within the City of Riverside.
2. Guest Permits shall be used solely for visiting the resident to which the permit is registered and only for the duration of the visit.
3. In order for the permit to be considered valid, the permit must be displayed in the vehicle as per the instructions included on the permit.
4. Use of a permit signifies the parked vehicle is not subject to the posted PPZ restriction. All other regulations continue to apply. For example, the Municipal Code prohibits storage of vehicles on the street for more than 72 consecutive hours, or parking during street sweeping hours.
5. The permit does not provide a reservation of any parking space.

I declare that I understand and agree to the statement above and that the information provided on this application is true and correct under penalty of perjury under the laws of the State of California.
